Kyriaki is an Athens-based set designer and architect with a multidisciplinary approach that spans architecture, scenography, and exhibition design. She holds a Master of Design in Interior Design with Distinction from the Glasgow School of Art and a Diploma in Architecture (MArch) from the Technical University of Crete. Her training also includes specialized studies in set and costume design, as well as performance, at the National Theatre of Greece and the Laboratory of Scenography in Athens. Her research focuses on site-specific narratives and immersive theatrical experiences, exploring the dynamic relationship between audience and stage.
